What People are saying about Tweed Scott...

"You headlined the Annual City of Pflugerville Volunteer Banquet...and what a response we received! Every time I see someone who attended, the first thing they tell me is how much they enjoyed your section of the evening AND how excited they were to receive your book as a memory of the event. I hesitate to call it a 'speech'...because they tend to be canned and what you shared with us was a genuine experiential account. I appreciate the way you tailored your remarks to encourage our guests not only as volunteers, but also as individuals. I have coordinated this event for 5 years and you have, by far, been the most popular speaker.

It was truly a joy to work with you. Your cooperation and attention to detail was very refreshing. You definitely went the extra mile. I would recommend Tweed as your next event speaker.

Kathy Ellis, Information & Community Development Coordinator, City of Pflugerville

"Tweed's inspiration is unity with your heritage--a oneness with your fellow man and boundless hope for the future. Your presentation captured my imagination allowing me to appreciate what we can do. Your words gave me a sense of pride in being a part of something of limitless effect."
