

American Eagle Club is continuing to expand the amount and types of benefits provided to our customers and members.

We are delighted to include greatly expanded travel services and opportunities among these benefits.

More people are traveling now than ever before. A prime example proving this is the fact the cruise industry in the past several years alone has built enough brand new ships to accommodate almost 4 million new passengers annually. More new ships are scheduled. The same degree of growth is evident in the areas of land-only vacations resorts.

To maximize the benefits and opportunities available to **American Eagle Club** members we offer an outstanding selection of personally hosted leisure vacation and cruise travel experiences throughout North America and the rest of the World.

We also offer unbeatable benefits for the leisure vacation and cruise travelers that prefer “not” to be part of a personally hosted travel experience (such as individuals and couples traveling alone, families traveling together, small groups of friends sharing experiences among themselves, etc.)

Descriptions of how these services benefit **American Eagle Club** members are included in this brochure.

Thank you.
