WHY TODAY'S KNOWLEDGEABLE TRAVELERS APPRECIATE & TAKE ADVANTAGE OF THIS PROGRAM:

In today's highly competitive travel world where demand truly high quality superior travel experiences and travel components is greater than it ever has been; and where the supply of outstanding and special necessary inclusions (centrally-located hotels, best flight schedules, preferred dining arrangements, top-of-the-line included sightseeing, ethnic experiences, etc.) is often extremely limited, we oftentimes have to lock in availability 18 to 24 months ahead of time to assure having inventory of the quality and value we insist upon for our travel clients. Individuals, like yourself, have to plan farther in advance. Otherwise, there simply will not be "any room in the inn."

Remember: Please Go Away™ Vacations always has a "back door" for you to protect yourself against losses in the event your early-made plans should have to change. There is absolutely no reason - or advantage - to wait.

"Travels are memories made and shared that are never forgotten!"

"Better to see something once than hear about it a thousand times."

HOW PYIP CAME ABOUT:

Credit for the name of this very successful and beneficial Please Go Away™ Vacations exclusive program - **PYIP - PUT YOURSELF IN POSITION** - needs to be given to now deceased Malloy Breitenbach. In the early and formative years of our travel operations, Malloy and his family literally traveled the world with us. He was a very successful businessman and some of the principles he espoused became foundation blocks for our growth. He was fond of saying, "put yourself in position." He truly believed that good fortune and positive outcomes came to those who had taken the time and done the necessary preparation to be able to capitalize on opportunities when they were presented by being "in position."

These are exactly the things our new **PYIP** program does for you. The program puts you in position and gives you total control by allowing you to make the final decision.

It's perfect for you on our very own personally escorted and value added "FEATURE" TRAVEL experiences that have brochures created, but final pricing has yet to be determined.

HOW THIS SPECIAL PROGRAM WORKS:

- It's really easy and you are totally protected!

- Instead of the normal reservation deposit amount you pay a reduced "holding deposit" of only \$100.00 per person.
- Your deposit "holds" your spaces in the order received; and allows you to have the first opportunity to review the finalized brochure when pricing is determined.
- If pricing is not acceptable to you, an immediate 100% cash refund of your "holding" deposit is issued to you by our office.
- If it is acceptable, you finalize your reservation by paying reservation deposit amount shown on brochure .

Very important! In addition to using for "holding deposits," you can also PYIP - PUT YOURSELF IN POSITION with Please Go Away™ Vacations in three additional and very important ways:

1. **Early Reservations** - today's knowledgeable travelers know that by reserving very early - regularly more than a year in advance - they are going to receive absolutely the best savings and best benefit packages.
2. **Wait Lists** - top quality travel programs with their superior inclusions are the most popular and fill quickly. But, plans can and do change, requiring cancellations and resulting very limited openings. With the priority relationships we have with all major travel companies and cruise lines we most often are able to successfully move our clients off wait lists.

3. **Special Singles Service** - Travelers that want to travel single and privately occupy accommodations are always welcome on our personally escorted and value added **"FEATURE" TRAVEL** experiences. However, private occupancy requires the payment of a "single supplement." To avoid this additional charge, many of our otherwise "single" travelers choose to share accommodations with another traveler of the same gender, thereby avoiding the "single supplement." To assist in the regard, we have created our no cost **Special Singles Service**. We "never" arbitrarily assign persons to share accommodations, however, we do maintain an active database of known "single" travelers willing to share accommodations. The earlier you "put yourself in position" the sooner we will put the program into motion. Then, if a possibility of sharing occurs we will request both parties consent to share contact information and arrange for both parties to visit. In this way, both parties make a decision independently as to whether they want to proceed. It works! We have had many take advantage of our "Special Single Service." The sooner you "put yourself in position" the better your chances of success. Availability is understandably limited. There is no personal responsibility to the other traveler that comes with this program, other than to
