To Whom It May Concern:

Since April of this year, the Texas Film Commission has been working with the production team of Primrose Pictures on their plans to make a major motion picture in central Texas.

This family-oriented film is still in its early stages. Francine Maisler Casting, whose other projects include SPIDER-MAN, MIAMI VICE and AS GOOD AS IT GETS, is supervising casting for this film. In the interest of keeping their preparations low-key and on track, Primrose has asked us not to release information on the producer, director or other principals. Although that's not an everyday kind of request, we are happy to comply; the filmmakers are well known to us and are well-respected both nationally and internationally.

I would be grateful for any assistance or cooperation that you might provide to Primrose Pictures or Francine Maisler Casting as they continue their research. Details will be released when plans are further along; in the meantime, I assure you that this is a professional, legitimate film project, and one that I expect we'll all be proud of.

Sincerely,

Bob Hudgins
Director
