## DREAMING OF CANADA & NEW ENGLAND

SPECTACULAR EXCURSIONS IN NATIONAL PARKS

VIEW VOYAGES

**We must admit: Our dreams of excursions to the great parks of Canada & New England become much more vivid come autumn.**

**In Québec City, you can take a scenic drive through some of the most picturesque villages in North America until reaching Saguenay Fjord – Canada’s only navigable fjord – within breathtaking Saguenay National Park. You will learn how glaciers carved the deep fjord millions of years ago and why the Saguenay River is so dark and salty. Or, plan a small group excursion along Maine’s gorgeous coast to Acadia National Park. You can visit Mount Desert Island, home of roaring Thunder Hole, enjoy panoramic views of Otter Cliff and ascend Cadillac Mountain for a 360-degree view of Bar Harbor.**

**Aboard the intimately elegant Seven Seas Navigator<sup>®</sup>, these experiences and many more are available as part of our vast array of FREE Unlimited Shore Excursions in Canada & New England.**
