The Fourth of July is one celebration that New Englanders take very seriously- and it's never just a day long. Bristol, RI, the town next to Blount's home port of Warren, is known for hosting the oldest 4th of July parade in the country. Streets are painted red, white and blue and old colonial homes are adorned in American flags. On this cruise, passengers will hop from island to island, avoiding crowded ferries and high hotel costs on the most celebrated weekend of the summer. Show off your patriotism during a red, white and blue themed party on the top deck, enjoy amazing fireworks on the bay and eat mouth-watering New England cuisine like fresh lobster and clams. Voyage through the nooks and crannies of Nantucket, Martha's Vineyard, Block Island and Newport during the best week of the year to explore historic New England.
