SILVERSEA®

Beginning in the Old World and ending in the New, this transoceanic voyage balances stunning beaches and fertile mountains with plenty of blue sea days. Begin by leaving Lisbon's colorful shores for a day at sea. Overnight in Funchal - Madeira's oldest capital and one of our favorite places - is next, then it's all aboard for six serenity-filled days as we sail to Antigua. Enjoy the beaches and beauty of St. John's and San Juan (where you'll overnight) before disembarking in Fort Lauderdale.
